

SETUP

- Place **2** goods on each **City**
- Place **2** goods/per player on **Moon Base**
- Remove **New Cities C, D, G, and H**
- Place a face down track tile on the left side
- Night / Day hex

BUILD TRACK

- All track must start from or connect to **Moon Base**
- Track wraps from edge to edge (edge numbers)
- Craters (plains): \$3
- Mountain: \$4

MOVE GOODS

- Moon Base** is a city, but has no color, or demand
- All cities on the night side of the map count as black cities

LOW GRAVITATION (ACTION)

- The player that selects this action may use **1** of his opponent's links during a move goods action as if it were his own link

GROWTH

- Roll 2 dice/per player
- Only cities on the day side, and that are connected to the **Moon Base** will recieve new goods
- Move the face down track tile to the opposite side of the moon.
